

# End of the Year Research Paper

This research report may be on any appropriate subject. You may choose a science or history subject that is interesting to you. You may choose a topic that you would like to learn more about.

The final research paper must:

Include a cover page that lists Title, date, and “By ...”

Be 3-5 pages in length

Use information from 3-5 sources. You may use more than five sources. **You must use three different types of sources.** One source must be directly cited in the paper.

Be typed, double-spaced, font can't be larger than 14 pt.

The final must also include a correct Bibliography according to example.

I prefer that the research paper be single-sided, not double-sided.

The Rubric is included on the back:

**Due May 7th**
